## SKILLS

---

**Languages** : C++, C, Python, TypeScript, JavaScript, HTML/CSS, SQL

**Frameworks & Libraries** : React.js, Node.js, Next.js, FastAPI, Flask, Redis, PostgreSQL

**Tools** : Git, Railway, SupaBase, Vercel, Adobe Photoshop, Adobe Premiere Pro, Notion

## EDUCATION

---

**University of Waterloo**

Sept. 2025 – Apr. 2029 (expected)

*Data Science, Honours — GPA: 3.9*

Waterloo, ON

- **Award**: President's Entrance Scholarship
- **Relevant Coursework**: Data Structures and Algorithm Design, Databases and Data Abstraction, Tools and Techniques for Software Development, Calculus II, Linear Algebra I

## PROJECTS

---

**Spotify Dashboard**: [Github](#)

Mar – Apr. 2026

- Built a full-stack Spotify dashboard consuming the Spotify Web API to display real-time now playing with a live progress bar, top tracks, and top artists
- Implemented OAuth 2.0 authorization code flow with automatic token refresh and Redis-backed token persistence surviving server restarts and redeployments
- Developed an async FastAPI backend with multi-endpoint aggregation, CORS configuration, and environment-based credential management
- Backend on Railway and frontend on Vercel with a CI/CD where GitHub pushes trigger an automatic redeployment

**p5 Tower Defense**: [GitHub](#)

May – Jun. 2025

- Built a fully playable browser-based tower defense game using p5.js as a capstone project
- Applied OOP principles such as inheritance, encapsulation, polymorphism across enemy, tower, and wave systems
- Designed game mechanics, level progression, and UI from scratch; delivered a polished, self-contained experience

## EXPERIENCE

---

**Home Hardware**

Jul. 2023 – Aug. 2025

*Sales Associate*

Esterhazy, SK

- Maintained inventory accuracy through regular cycle counts and discrepancy reconciliation; identified root causes to improve future count reliability
- Assisted customers with troubleshooting, special orders, and coordinating timely deliveries in a fast-paced retail environment
- Collaborated with teammates to balance floor service with back-end tasks, demonstrating adaptability and strong communication under pressure

**Esterhazy Students' Association (ESA)**

2024 – 2025

*Lead Graphic Designer*

Esterhazy, SK

- Led design and coordination of promotional materials for school-wide events, ensuring on-time delivery and consistent branding
- Mentored younger students on poster design, file formatting, and upload workflows, improving team output quality
